

Environment

Quadrant Recruitment recognises the importance of environmental responsibilities to the local and national communities in which we operate. Through best practices, we aim to manage our environmental impacts, whilst maintaining an excellent service.

We have implemented this policy throughout Quadrant Recruitment in order to develop an environmental programme that strives to;

Integrate environmental consideration into business processes.

Manage and reduce the consumption of non-renewable and environmentally sensitive resources.

Eliminates, reduces, re-uses, re-cycles or disposed of waste in an acceptable manner.

Continually review and improve the environmental aspects of our business.

Comply with all legal requirements, regulations and standards.

Measure and continuously improve our environmental performance.

Develop and communicate a relationship between our clients, staff and suppliers that enhances the awareness and importance of environmental issues.

Responds to the concerns of our members of staff.
